1237. SHRI V. HANUMANTHA RAO : Will the Minister of SURFACE TRANSPORT be pleased to state :

(a) whether road safety is not being given sufficient emphasis and importance by Government;

(b) what are the reasons for the inability of government to control the increasing number of accidents, and

(c) whether any innovative measures are proposed in 1994-95; if so, the details thereof ?

THE MINISTER OF STATE OF THE MINISTRY OF SURFACE TRANSPORT (SHRI JAGDISH TYTLER) : (a) to (c) The Government is taking all possible steps to control road accidents. For this purposse, a special Cell has been created in the Ministry of Surface Transport and a National Road Safety Council has also been constituted. The road accidents are caused due to various factors and cannot be attributed only to lack of measures on the part of Government or other agencies. The State Transport and Police Departments have been taking various steps including awareness campaigns to check road accidents and these measures will continue to be taken in future also. The Central Government also provides financial assistance to the State Governments for strengthening their awareness/publicity campaigns. The Government have also provided driver training simulators to four States and proposals to provide some vehicle testing equipments, portable weigh bridges as part of its efforts to check road accidents. Besides, the State Governments have also been requested to set up Committees at the State and District levels in terms of Section 215 of the Motor Vehicle Act, 1988.
